 - Photoshop, Illustrator and InDesign.
- These programs were used to create logos and layout mock websites as well as creating textures for 3-D models.

Computer Hardware and Technology Skills

- Well versed in the building and design of personal computers, from creation to care.
- Strong knowledge of computer software use and maintenance.
- Ability to set up and maintain a wireless or wired network.

Communication Skills and Work Ethics

- Easily able to speak in front of large crowds or small groups.
- Comfortable with being in a leadership role as well as taking directions.
- Able to understand directions easily and master tasks quickly.

WORK EXPERIENCE

Walbaums 2008-2010

- Worked as a sales associate at Walbaums for two years. Starting as a cashier and worked my way to a head cashier and than to a Seafood Clerk.

Whole Foods 2011-2012

- Worked as a Butchers Assistant for a short while before having to re-locate.

National Flight Academy 2012-2013

- Nominated along with a few other classmates to participate in an internship for the National Flight Academy during the last two months of my schooling. Tasked with creating 3-D objects for an educational game that would help students learn through the medium of Video Games. I created models of airplanes and other environmental objects.

Veterinary Assistant 2013-Current

- Have been working as a Veterinary Assistant at Rocky Shores Veterinary Hospital under Doctor Robert Guasto. Tasked with handling and restraining animals and general Hospital maintenance.
